

## Important Message for all Members and Guests –

The health and safety of our members and staff remain our number one priority! The Coronavirus (COVID-19) has placed us all in unprecedented and turbulent times. This is the reality we find ourselves in, we're here to help you get through this.

Nothing is more important to us than serving your financial best interests, and we hope you get through this time with little to no effect on your wallet. Depending on your situation, your work and pay may not be impacted at all. Some members may not be as lucky, and they will have to manage working fewer hours, or maybe being furloughed with reduced pay or even no pay. If you find yourself worrying and stressing about your financial obligations, by all means, turn to us first. We have unique ways to help you during this challenging time and invite you to call or visit us to talk through your specific needs.

We will do our very best to operate as normally as possible during this time. Our branch and telephone service teams are available to serve you as always, and we have full remote access through our Online and Mobile Banking applications. You can access and manage your accounts from your computer or mobile device, or by calling or visiting us at one of our three branches.

Please check our website or follow us on social media for periodic updates. Please contact us with any questions. **Call 614-221-9376 or 1-866-628-6446**
